# INVITATION TO THE 6TH RMU DAY

ALTE MENSA / Gutenberg-Campus Mainz

**LET'S SHAPE  
THE FUTURE  
TOGETHER**

The Presidents of the Rhine-Main Universities (RMU) cordially invite you to the 6th RMU Day. This year, the Rhine-Main Universities Day will focus on the RMU's joint proposal as a consortium in the Excellence Strategy of the German federal and state governments.

The Rhine-Main Universities Day will take place at Alte Mensa on the campus of Johannes Gutenberg University Mainz. In the afternoon, we will hold workshops where you can discuss the key ideas of the excellence project with the other workshop participants. In the evening, join us for some fun at the Science Contest, where RMU researchers will provide entertaining answers on fascinating current issues. Dr. med. Florence Randrianarisoa, presenter of the TV science program "Quarks" (WDR), will be our host for the day.

Are you as excited about the future as we are? Do you want to help shape the proposal in the Excellence Strategy and the future of the RMU? Then register now for the Rhine-Main Universities Day:

When registering for the Rhine-Main Universities Day, you can also submit your scientific questions to the teams participating in the Science Contest.

Registration  
now open until  
20 November!
